ARKANSAS FREEDOM OF INFORMATION ACT REQUEST Request for Automatic License Plate Reader Practice and Usage Records Required Under Arkansas Code Annotated §§ 12-12-1801 through 12-12-1808 To: Custodian of Records City of Little Rock, Arkansas Little Rock Police Department From: John Daniel McKeehan Citizen of the State of Arkansas Re: Formal Request for Automatic License Plate Reader Practice and Usage Records Pursuant to the Arkansas Freedom of Information Act and Ark. Code Ann. §§ 12-12-1801 through 12-12-1808 Dear Custodian of Records: Pursuant to the Arkansas Freedom of Information Act of 1967, Ark. Code Ann. § 25-19-101 et seq., and specifically the Automatic License Plate Reader System Act, Ark. Code Ann. §§ 12-12-1801 through 12-12-1808, I hereby request access to and copies of all public records maintained by the City of Little Rock, the Little Rock Police Department, or any agency, department, division, employee, contractor, or vendor acting on their behalf that constitute practice and usage data compiled and preserved in connection with the operation or use of automatic license plate reader systems. Specifically, I request the following records: 1. All practice and usage data compiled and preserved pursuant to Ark. Code Ann. § 12-12-1805 relating to the operation and use of automatic license plate reader systems by or on behalf of the City of Little Rock or the Little Rock Police Department. 2. All reports, summaries, compilations, statistical reports, usage reports, audit reports, or other records reflecting the use of automatic license plate reader systems, including, but not limited to, records showing: o The number of license plates scanned, photographed, or otherwise captured; o The number of automatic license plate reader alerts or "hits"; o The number and nature of searches conducted using ALPR systems or databases; o The number of alerts or searches that resulted in investigative action; o The number of alerts or searches that resulted in traffic stops, citations, vehicle recoveries, arrests, criminal

charges, prosecutions, or convictions; o The purposes for which the ALPR system was used; o The frequency and manner of system use; o The results or outcomes associated with such use; and o Any other practice and usage information required to be compiled or preserved under Arkansas law. 3. All periodic, monthly, quarterly, annual, or other reports concerning ALPR use, whether prepared internally, submitted to another governmental entity, generated by an ALPR vendor, or maintained in an electronic ALPR management platform. 4. All records sufficient to identify the reporting periods for which the City of Little Rock or Little Rock Police Department has compiled and preserved practice and usage data pursuant to Ark. Code Ann. §§ 12-12-1801 through 12-12-1808. 5. All policies, procedures, directives, general orders, standard operating procedures, memoranda, or written instructions governing the compilation, preservation, review, auditing, or reporting of ALPR practice and usage data. 6. All records documenting compliance with the statutory requirement to compile and preserve ALPR practice and usage data, including any compliance certifications, audit findings, internal reviews, correspondence, memoranda, or communications concerning compliance with Ark. Code Ann. §§ 12-12-1801 through 12-12-1808. 7. All reports or records generated by any third-party ALPR vendor or service provider on behalf of the City of Little Rock or Little Rock Police Department that contain practice and usage data required to be compiled or preserved under Arkansas law, regardless of whether those records are physically stored on City-owned servers, vendor-owned servers, cloud-based platforms, or other electronic systems. Requested Time Period This request seeks all responsive records for the entire period during which the City of Little Rock or the Little Rock Police Department has operated, accessed, subscribed to, participated in, or otherwise used an automatic license plate reader system, through the date this request is fulfilled. Public-Record Status This request specifically seeks practice and usage data and related governmental records. Under Ark. Code Ann. § 12-12-1808, practice and usage data compiled and preserved pursuant to the Automatic License Plate Reader System Act constitute public records for purposes of the Arkansas Freedom of Information Act. This request does not seek the disclosure of individual captured plate data to the extent such data are specifically exempt from public disclosure by law. Rather, it seeks the reports, compilations, statistical information, practice and usage data, compliance records, and related

public records that Arkansas law requires or contemplates be compiled and preserved concerning the operation and use of ALPR systems. Electronic Production Requested I request that all responsive records be provided electronically in their native electronic format whenever reasonably available, including searchable PDF, CSV, XLSX, or other native data format. If responsive records exist in a database, spreadsheet, reporting dashboard, vendor portal, or other structured electronic system, please provide the records in the format in which they are maintained or can readily be exported. Please do not convert structured electronic data into scanned images or non-searchable PDF files when the records exist in a searchable, sortable, or machine-readable format. Records Held by Contractors or Vendors To the extent responsive public records are maintained by a private contractor, ALPR vendor, cloud-service provider, or other third party on behalf of the City of Little Rock or Little Rock Police Department, this request includes such records to the extent they constitute public records under Arkansas law and are within the administrative control of the City or its agencies. Partial Production and Segregability If any portion of a responsive record is believed to be exempt from disclosure, please produce all reasonably segregable non-exempt portions of the record and identify the specific statutory exemption relied upon for each withholding or redaction. Please do not withhold an entire record merely because a portion of that record may contain information claimed to be exempt. No-Records Response If the City of Little Rock or Little Rock Police Department has not compiled or preserved any category of practice and usage data required under Ark. Code Ann. §§ 12-12-1801 through 12-12-1808, please state that fact specifically and identify the category of records that does not exist. Likewise, if responsive records once existed but have been destroyed, deleted, lost, or otherwise disposed of, please identify, to the extent reflected in existing public records, the applicable records-retention policy, destruction schedule, authorization, or other documentation governing their disposition. Fees If the anticipated cost of fulfilling this request will exceed \$25.00, please provide an itemized estimate before incurring the expense. I am a citizen of the State of Arkansas and therefore eligible to exercise the rights provided under the Arkansas Freedom of Information Act. Please produce responsive records within the time required by Arkansas law. If any portion of this request requires clarification, I request that you contact me promptly rather than

delaying the production of records that are otherwise readily identifiable and responsive. Thank you for your attention to this request. Respectfully submitted, John Daniel McKeehan Citizen of the State of Arkansas

Description of Request (Be as specific as possible, including name, dates, case numbers, etc, if known.)

ARKANSAS FREEDOM OF INFORMATION ACT REQUEST Request for Automatic License Plate Reader Practice and Usage Records Required Under Arkansas Code Annotated §§ 12-12-1801 through 12-12-1808 To: Custodian of Records City of Little Rock, Arkansas Little Rock Police Department From: John Daniel McKeehan Citizen of the State of Arkansas Re: Formal Request for Automatic License Plate Reader Practice and Usage Records Pursuant to the Arkansas Freedom of Information Act and Ark. Code Ann. §§ 12-12-1801 through 12-12-1808 Dear Custodian of Records: Pursuant to the Arkansas Freedom of Information Act of 1967, Ark. Code Ann. § 25-19-101 et seq., and specifically the Automatic License Plate Reader System Act, Ark. Code Ann. §§ 12-12-1801 through 12-12-1808, I hereby request access to and copies of all public records maintained by the City of Little Rock, the Little Rock Police Department, or any agency, department, division, employee, contractor, or vendor acting on their behalf that constitute practice and usage data compiled and preserved in connection with the operation or use of automatic license plate reader systems. Specifically, I request the following records: 1. All practice and usage data compiled and preserved pursuant to Ark. Code Ann. § 12-12-1805 relating to the operation and use of automatic license plate reader systems by or on behalf of the City of Little Rock or the Little Rock Police Department. 2. All reports, summaries, compilations, statistical reports, usage reports, audit reports, or other records reflecting the use of automatic license plate reader systems, including, but not limited to, records showing: o The number of license plates scanned, photographed, or otherwise captured; o The number of automatic license plate reader alerts or "hits"; o The number and nature of searches conducted using ALPR systems or databases; o The number of alerts or searches that resulted in investigative action; o The number of alerts or searches that resulted in traffic stops, citations, vehicle recoveries, arrests, criminal charges, prosecutions, or convictions; o The purposes for which the ALPR system was used; o The frequency and manner of system use; o The results or outcomes associated with such use; and o Any other practice and usage information required to be compiled or preserved under Arkansas law. 3. All periodic, monthly, quarterly, annual, or other reports

concerning ALPR use, whether prepared internally, submitted to another governmental entity, generated by an ALPR vendor, or maintained in an electronic ALPR management platform. 4. All records sufficient to identify the reporting periods for which the City of Little Rock or Little Rock Police Department has compiled and preserved practice and usage data pursuant to Ark. Code Ann. §§ 12-12-1801 through 12-12-1808. 5. All policies, procedures, directives, general orders, standard operating procedures, memoranda, or written instructions governing the compilation, preservation, review, auditing, or reporting of ALPR practice and usage data. 6. All records documenting compliance with the statutory requirement to compile and preserve ALPR practice and usage data, including any compliance certifications, audit findings, internal reviews, correspondence, memoranda, or communications concerning compliance with Ark. Code Ann. §§ 12-12-1801 through 12-12-1808. 7. All reports or records generated by any third-party ALPR vendor or service provider on behalf of the City of Little Rock or Little Rock Police Department that contain practice and usage data required to be compiled or preserved under Arkansas law, regardless of whether those records are physically stored on City-owned servers, vendor-owned servers, cloud-based platforms, or other electronic systems.

Requested Time Period This request seeks all responsive records for the entire period during which the City of Little Rock or the Little Rock Police Department has operated, accessed, subscribed to, participated in, or otherwise used an automatic license plate reader system, through the date this request is fulfilled.

Public-Record Status This request specifically seeks practice and usage data and related governmental records. Under Ark. Code Ann. § 12-12-1808, practice and usage data compiled and preserved pursuant to the Automatic License Plate Reader System Act constitute public records for purposes of the Arkansas Freedom of Information Act. This request does not seek the disclosure of individual captured plate data to the extent such data are specifically exempt from public disclosure by law. Rather, it seeks the reports, compilations, statistical information, practice and usage data, compliance records, and related public records that Arkansas law requires or contemplates be compiled and preserved concerning the operation and use of ALPR

systems. Electronic Production Requested I request that all responsive records be provided electronically in their native electronic format whenever reasonably available, including searchable PDF, CSV, XLSX, or other native data format. If responsive records exist in a database, spreadsheet, reporting dashboard, vendor portal, or other structured electronic system, please provide the records in the format in which they are maintained or can readily be exported. Please do not convert structured electronic data into scanned images or non-searchable PDF files when the records exist in a searchable, sortable, or machine-readable format.

Records Held by Contractors or Vendors To the extent responsive public records are maintained by a private contractor, ALPR vendor, cloud-service provider, or other third party on behalf of the City of Little Rock or Little Rock Police Department, this request includes such records to the extent they constitute public records under Arkansas law and are within the administrative control of the City or its agencies.

Partial Production and Segregability If any portion of a responsive record is believed to be exempt from disclosure, please produce all reasonably segregable non-exempt portions of the record and identify the specific statutory exemption relied upon for each withholding or redaction. Please do not withhold an entire record merely because a portion of that record may contain information claimed to be exempt.

No-Records Response If the City of Little Rock or Little Rock Police Department has not compiled or preserved any category of practice and usage data required under Ark. Code Ann. §§ 12-12-1801 through 12-12-1808, please state that fact specifically and identify the category of records that does not exist. Likewise, if responsive records once existed but have been destroyed, deleted, lost, or otherwise disposed of, please identify, to the extent reflected in existing public records, the applicable records-retention policy, destruction schedule, authorization, or other documentation governing their disposition. Fees If the anticipated cost of fulfilling this request will exceed \$25.00, please provide an itemized estimate before incurring the expense. I am a citizen of the State of Arkansas and therefore eligible to exercise the rights provided under the Arkansas Freedom of Information Act. Please produce responsive records within the time required by Arkansas law. If any portion of this request

requires clarification, I request that you contact me promptly rather than delaying the production of records that are otherwise readily identifiable and responsive. Thank you for your attention to this request. Respectfully submitted, John Daniel McKeehan Citizen of the State of Arkansas
