RE: Real-Time Crime Center Semi-Annual Report 2026

DATE: July 3, 2026

During the first half of 2026, the Real-Time Crime Center (RTCC) was staffed with eight (8) permanently assigned detectives, one (1) temporarily assigned detective, one (1) part-time investigator, one (1) civilian technician, and two (2) sergeants. At the conclusion of the reporting period, one (1) detective remained on modified duty and one (1) sergeant was on 25-19-105(b)(2), with an expected return in early July.

During Jan-June of 2026, RTCC Detectives accomplished the following:

- Recovered approximately \$893,777 in stolen property.
- Assisted in the arrest of 172 individuals to include 236 felony charges, 149 misdemeanor charges, and the recovery of 29 firearms and 79 stolen vehicles.
- Provided operational support for major events: New Year's Eve, MLK Day Parade, the Little Rock Marathon, Operation Safe Streets, No Kings Protests, Juneteenth and planning for Pops on the River.
- Hosted the Arkansas RTCC Professionals Group Quarterly Meeting and coordinated site visits with public safety partners, elected officials, and community stakeholders.

Staffing/Operations

- RTCC maintained continuous operational coverage while managing personnel changes, including military leave, parental leave, modified duty assignments, temporary duty assignments, and promotions.
- Detective Austin Kurcz was temporarily assigned to the RTCC and successfully progressed through unit training, he remains in TDY status.
- Sergeant James Phillips returned from military leave in April. Sergeant Damon Whitener was temporarily assigned to the RTCC while Sergeant Chance McMullin was on 25-19-105(b)(2). Sergeant Whitener has since returned to Patrol, and Sergeant McMullin is expected to return in mid-July.
- Detective Calvin Liu returned from 25-19-105(b)(2) while Detective Jacob Smith remained on a 25-19-105(b)(2) during the reporting period.

Connect Little Rock

Registered Camera Count: 2778 to 2846 (+68)

Integrated Camera Count: 2574 to 2530 (-44)

The Connect Little Rock program experienced an increase of sixty-eight (68) registered cameras. Integrated cameras decreased by forty-four (44), primarily due to connectivity issues affecting several donor sites. RTCC personnel actively coordinated with affected donor sites and Fusus throughout the reporting period to identify and resolve connectivity issues, restore camera feeds, and improve system reliability. When issues could not be resolved, Fusus Cores were recovered and redeployed as needed. Efforts to expand participation in the Connect Little Rock program and increase the number of integrated cameras will continue during the second half of 2026.

RTCC staff conducted **forty-six (46)** site visits for new integrations, network issues, core issues, and to discuss new partnerships.

Related Incident Numbers(s): 2026-002924

Incident Type(s): Homicide

Officers were dispatched to a ShotSpotter activation in the 12th Street Division. RTCC detectives observed that the activation appeared to originate near the entrance of a store and advised responding officers to respond code 3. While en-route, a witness called 911 to report that someone had been shot. Responding officers advised of a potential suspect vehicle that had been left at the scene. The vehicle was previously known to RTCC detectives from prior violent crime incidents. Suspect information was relayed to officers on scene. Approximately one hour after the shooting, the suspect arrived at a local emergency room, where officers responded and took the individual into custody.

Date: 02-04-26

Related Incident Numbers(s): 2026-014446

Incident Type(s): Wanted Subject

RTCC detectives received a License Plate Reader (LPR) alert on a vehicle registered to a wanted individual. The registered owner was confirmed to have an active warrant for Battery in the First Degree (Y Felony) issued by the Hot Springs Police Department. RTCC detectives utilized a nearby Public Safety Camera to locate the vehicle parked at a gas pump at a local gas station near the LPR alert location. Responding patrol units were advised of the vehicle's exact location. RTCC detectives continued to monitor the scene through the camera system and provided real-time updates to officers as the driver entered and exited the gas station, allowing officers to coordinate their response safely and effectively.
