

AUTOMATIC LICENSE PLATE READER (ALPR)

SIX-MONTH PRACTICE AND USAGE DATA REPORT

Reporting Entity: Little Rock Police Department

Reporting Period: January 01 - June 31, 2025

I. STATUTORY AUTHORITY

This report is compiled pursuant to **Arkansas Code Annotated § 12-12-1805**, which requires the compilation and preservation of automatic license plate reader practice and usage data every six (6) months in a format sufficient for public review.

II. SUMMARY OF ALPR ACTIVITY (SIX-MONTH TOTALS)

Total Number of License Plates Scanned: 111,481,824

Total Number of Confirmed Matches (Alerts): 318,215

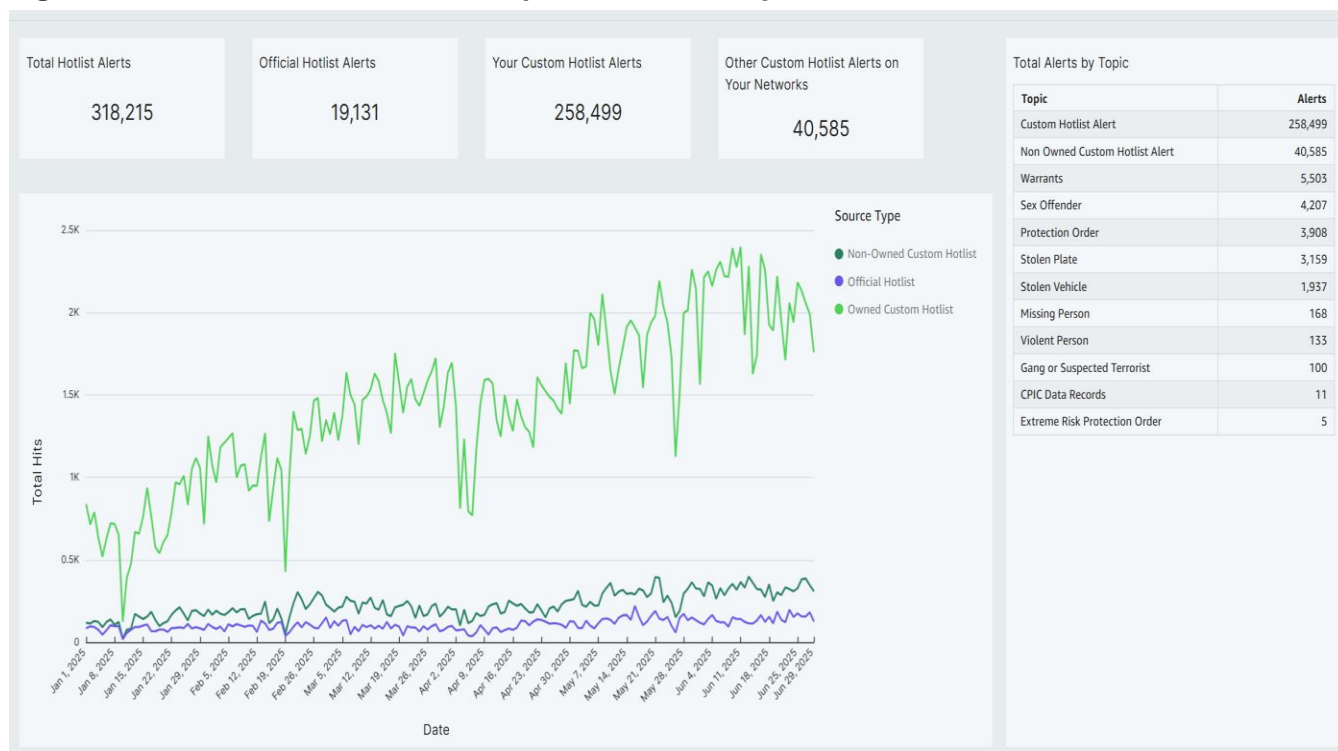

III. HOTLIST / DATABASE COMPARISONS

During the reporting period, the automatic license plate reader system compared captured plate data against authorized hotlists and databases in accordance with Arkansas law and departmental policy.

The required information under this section is presented in a system-generated graphical summary to ensure accuracy, consistency, and transparency for both internal review and public disclosure.

(See next page)

Figure 1: Hotlist and Database Comparison Summary

This figure reflects the names and categories of hotlists or databases against which captured plate data was checked during the reporting period.

IV. MATCH OUTCOMES DETAIL

Captured plate data was evaluated against authorized lists, and match outcomes were documented and analyzed during the reporting period. The required outcome data is presented in a system-generated graphical summary.

(See next page)

Figure 2: Match Outcome Analysis

This figure reflects the following outcome categories as required by Arkansas law:

- Confirmed matches (alerts)
- Matches that did not correlate to an alert after further investigation
- Matches that resulted in arrest and prosecution

VII. DATA PRESERVATION REQUIREMENT

Compiled practice and usage data contained in this report will be preserved for a minimum of **eighteen (18) months** in compliance with Arkansas law.

☐ Confirmed

This report contains aggregated, system-generated data only and does not include personally identifiable information or individual vehicle data.
