Address	4401 Maddox Road
City	Jacksonville
State	Arkansas
Zip	72076
Description	Under the Arkansas Freedom of Information Act, Ark. Code Ann. section 25-19-101 et seq., I request electronic copies of the following existing public records: All compilations of statistical data that [AGENCY] created or preserved pursuant to Ark. Code Ann. section 12-12-1805 for any six-month reporting period that is required to remain preserved as of August 18, 2026. This includes, when applicable, compilations for January 1-June 30, 2025; July 1-December 31, 2025; and January 1-June 30, 2026. For clarity, section 12-12-1805 requires the preserved compilation to include: 1. The number of license plates scanned; 2. The names of the lists against which captured plate data were checked; and 3. For each check against a list: (a) confirmed matches; (b) matches that, after further investigation, did not correlate to an alert; and (c) matches that resulted in arrest and prosecution. Scope limitation: This request does not seek ALPR images or plate numbers, individual query or search logs, hotlist contents, contracts, invoices, audits, policy records, emails, or the creation of a new report. If no responsive records exist, please advise. If the agency did not use an automatic license plate reader during a listed period, I am not asking the agency to create a record stating that fact. Please provide records electronically in the native format in which they are maintained when reasonably available (for example, XLSX or CSV), or as a searchable PDF if no native tabular file is maintained. Please do not convert existing spreadsheets to screenshots or image-only PDFs. I am an Arkansas citizen. I request records that

are immediately available. If responsive records are in active use or storage and therefore not immediately available, please certify that fact and set a date and hour within three working days when the records will be available, as Ark. Code Ann. section 25-19-105(e) provides. If any record or portion is withheld, please identify the specific legal basis and provide all reasonably segregable nonexempt material. Please notify me before incurring charges exceeding \$25.
