Subject: Re: BRINC TIPs and Sourcewell Information

Steve,

As discussed earlier, below are the TIPS and Sourcewell contract numbers that were previously provided to me by BRINC representatives:

TIPS: 240101
Sourcewell: 020625-BRINC

During an in-person discussion last week, a BRINC representative also informed me that BRINC has a Single Source Document since they are a Public Safety only and USA/NDAA-compliant drone manufacturer.

Hope this helps. Please let me know if you require further. Thanks!
